

Company/University Profile Information

Organization	Strategic Clarity
Background of Organization	Strategic Clarity (SC) consults, trains and coaches leaders and their teams in achieving compelling strategic and organizational goals. SC has operated formally for over 6 years and has offices in Wilton, NH, Andover, MA and Mexico City.
Address	6 Ferndale Ave, Andover, MA 01810 Ph.978-475-7278
Type of SD Work	<p>In the consulting arena, SC applies tools from the system dynamics, systems thinking and decision sciences in a proprietary approach called Managing from Clarity. The focus of this work is to help leaders and their teams develop a common understanding of where the critical bottlenecks and complexities are in the organization, and then help the team design systemic strategies to address these challenges.</p> <p>SC offers in training and executive coaching through the institute for Strategic Clarity, an applied research and development institution. The focus of the training and coaching is on improving the relationship the individual has with the organization. Leadership development, organizational learning and systems thinking are just a few of the applications for this coursework.</p>
Where SD fits in your organization	SD provides one of the foundations of the Managing from Clarity approach. Systems thinking and strategic simulation are intimately woven throughout our organization's consulting, training and coaching.
Typical career path	SC is a small firm that usually collaborates with colleagues seasoned in different aspects of the SD and OD realms, based on specific needs at the time.
